

File:Add a node.png

From "AllStarLink Wiki"

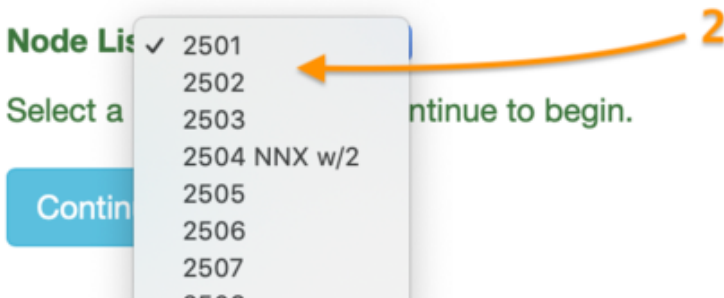

Request, Add or Remove

Request | **Add** | Remove 1

Adding a node allows you assign yourself a Node Number Extension (an NNX). You do this yourself without the need to request more nodes from allstarlink.org. This saves you time and preserves valuable node number space.

The dropdown shows the node numbers that you've been issued and a count of extensions. It's possible to assign up to 9 extensions to any of your nodes.

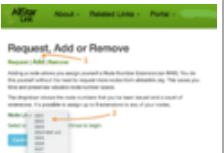

Size of this preview: 800 × 555 pixels

Original file (1,240 × 860 pixels, file size: 275 KB, MIME type: image/png)
